

WATER HEATER INSTALLER AGREEMENT - ADDENDUM "F"
TO
UA LOCAL 290 / PMCA MASTER LABOR AGREEMENT

1. This Water Heater Installer Agreement – Addendum “F” by this reference is made a part of the UA Local 290/PMCA Master Labor Agreement, which is effective April 1, 2017 to March 31, 2023.
2. This Addendum is intended to supplement, not replace the Master Labor Agreement.
3. Effective date: April 1, 2017.
4. Purpose: To clarify and set forth the conditions which a Water Heater Installer performs his duties.
 - (a) A Water Heater Installer 1 (hereinafter referred to as a WH1) shall have met but not be limited to all Rules, Scope of License and Water Heater Specialty requirements of ORS 693.103.
5. Scope of Plumbing Authorizes as used I ORS 693.103(2) includes:
 - (a) “Installation and replacement of one- or two-family dwelling residential water heaters. Plumbing work in a one- or two-family dwelling related to:
 - (A) Replacement or fuel conversion of an existing water heater;
 - (B) Installation of up to two nipples with no nipple exceeding six inches and flex piping not exceeding 24 inches for each of the cold and hot water connections; and
 - (C) Installation of piping and related appurtenances applicable to the temperature pressure relief valve.
 - (b) “Existing plumbing” means the exposed pre-installed approved cold water supply piping used or designed to connect to the water heater extending to the exposed cold water shut-off supply valve. If there is no cold water shut-off supply valve, “existing plumbing” extends to and includes the connected water heater and does not allow a replacement by a limited specialty plumbing licensee under these rules.

(c) "Alteration of existing plumbing" means any changes to existing plumbing and includes installation or replacement of a cold water shut-off supply valve regardless of whether one was initially installed. Alterations are not authorized under these rules and the limited specialty plumbing license. This work will be performed only by a journeyman plumber.

6. Wage Rates: Entry Level 40% of Commercial & Industrial Taxable + MOB.
2nd and 3rd Year 48% of Commercial & Industrial Taxable + MOB.

Note: This classification can only be used with written approval from the Local 290 Business Manager.

This Addendum "F" shall terminate on the date that "Water Heater Installers" are no longer employed.

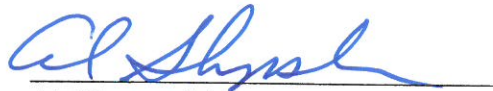

Dated this 23 day of March, 2017.
